

Private Water Well Testing Information

Lake County Population Health Services

500 W Winchester Road, Libertyville, IL ([map](#))

(847) 377-8020

- Kits can be picked up for \$16 or mailed to residents for \$18.
- Samples *must* be returned in person to Libertyville since the sample needs to remain cool before testing.
- Residents will be asked for information about any treatment systems on their well to determine the type of bottle that will be provided for testing.

McHenry County Board of Health (township offices)

Algonquin Township Office

3702 U.S. Highway 14, Crystal Lake, IL ([map](#))

(847) 639-2700

- Kit costs \$23- residents should call in advance to check if they have kits in stock.
- Kits may *only* be returned on Tuesdays to the township office and must be kept cool.
- Samples are sent from the Township offices to the County for testing.
